## What is DREAM?

DREAM is a federal court program designed to provide an alternative from traditional prosecution and sentencing to people who commit crimes because of a substance use disorder. The program involves a blend of treatment and sanction alternatives, and the successful participant will have their criminal charges dismissed.

## The Executive Team

DREAM is staffed with a District Court Judge, Assistant United States Attorneys, United States Probation Officers, Assistant Federal Public Defender, and a CJA Panel Attorney.

## Length of Program

DREAM participants are involved in the program for at least 12 months and up to 24 months. To graduate, the participant must document at least six months of abstinence prior to graduation.
